

Break Away

Words and Music by Jessica Beach, 2003

Intro

Verse

Sugar candy
Makes my tongue swell
Relieves me
And lets me into their world
But how do I break away?
They don't let you off that easy

Chorus

And I run
This time I'm done
Where do I run
This time I'm done

Verse

And they hide behind themselves
Believe me
They're torn apart in their world
But how do I break away?
They don't let you off that easy

Chorus

And I run
This time I'm done
Baby you run
This time I'm done

Outro

I run, I run, this time I'm done...
